

School board selection will give you idea to choose the suitable board for the child according to his /her acquiring style which will help the child to study better.

**Which Board am I suitable? (Schooling)**

The graphical representation shows the suitability of the child in the respective board. This is more useful while taking the admission in Nursery or Pre-School.

**STATE BOARD:** State board emphasize teaching through the Texts and Visuals so state boards are best suited for those children who have naturally gifted strong visual zone.State board are comparatively limited in the content and subject as compared to other board.

**CBSE BOARD:** It's the Central Board Of Secondary Education. Th CBSE curriculum is set by National Council Of Educational Research and Training (NCERT).CBSE board emphasize teaching through Visual-Auditory combined methodology.The CBSE board prepares students for competitive exams which are held at national level.

**ICSE Certification:** Its's the Indian Certificate for Secondary Education. It was established by the university of Cambridge.The ICSE board emphasizes on discussion and explanation based teaching. ICSE syllabus is very vast & particularly important for students who prefer higher education abroad by scoring the international test, esp. Auditory based like TOEFL/ IELTS/ GRE etc.

**IB OR the International Baccalaureate:** IB board emphasizes on "Learning By Doing." The children who are high on Kinesthetics are best suited for IB board.IB board also find useful for the kids whose parents are globe trotters as it enables kids to get admission into any IB school across the world

*Life Path report don't suggest to chage the school board if the child is already enrolled in any of the above board but suggested study method should be followed to achive the great results.*
